

## Set Up Z-Sources for Cataloging in Alexandria

Z-Sources are other libraries' catalogs from which you can get MARC records for your new materials.

Go to Tools, Preferences, then click on Z39.50. Click on the gear icon at the bottom of the page, then select Add z39.50 server.

**Add New z39 Server**  
Provide as much of the following information as possible for your new z39 server.

Server Name

Server Address  Required

Database

Port  210

Username

Password

Server Status: Unknown

Cancel Save

Enter the Server Name, address, Port, and Database Name for the Z-Source and click Save.

The following Z-Sources are free to use and don't need a username or password:

Server Name	Server Address	Port	Database
